

Mission Statement

"To provide an environment where committed Keepers of all ages and abilities will gain and develop a true working understanding of the position of tending goal"

All Goalkeepers that attend will be motivated to gain a better understanding of "their" physical strengths as well as areas that need further development. Each student will be instructed how to better use their assets and avoid their areas of liability.

Director: LeRoy Neal

LeRoy has been instructing goalkeepers for over 14 years and has over 16 years High school coaching experience. This will be the 10th year that LeRoy has conducted the Summit Goalkeeping clinics.
